

Singular vs. Plural

“the”	el	los
	la	las
	un/una	unos/unas

How do you make nouns plural? Here are the rules....

1. If your noun ends in a **consonant** or a **y** then add **-es**

2. If your noun ends in **-a, -e or -o** then just add **-S**

Ex: la computadora **las computadoras**

3. If your noun ends in a -z then you would delete the -z and add **-ces**

- 4.** If your noun ends in a **-i** or a **-u** instead of adding **-S** add **-es**
